### *714 6th Avenue, Venice*

---

Ellen McCormick was the most inventive, patient, and diligent realtor we have ever worked with. She was a joy to be around, and her enthusiasm for our house and our needs never wavered. We have and will continue to recommend her to our friends, and would have no hesitation in endorsing her services if it is needed.

### *910 Las Lomas, Pacific Palisades*

We just wanted to say thanks for all your help, expertise, reassurance, and psychotherapy during the sale and purchase of our homes. You were consistently communicative, enthusiastic, and supportive. I was thoroughly impressed the first time we met you, as the only realtor we interviewed that not only took copious notes as we described what we were looking for, you actually knew about or had walked through every single property I had been following for the prior few months.

I'm compelled to thank you for the fantastic job you did for me when listing my property... It was a joy to work with you and your professionalism is unmatched. I am so impressed by your integrity, honesty and keen abilities that I could not more strongly recommend you to any buyer or seller that has the pleasure of working with you in the future.
